

Burghill C.A Supporters Code of Conduct

cheer on enthusiastically

The children are so excited to see their grown-ups on the sidelines so cheer them on and make them feel 10ft tall even if it's not going well and remember it's not the World Cup, they're playing for fun!

respect the officials and coaches

The people officiating and/or coaching at matches are doing their best. Respect their decisions even if you don't agree with them and try to avoid shouting instructions that contradict what the coach may have said.

sibling spectators

Keep an eye on any siblings as spectators. If they're not part of the event, their safety and behaviour is your responsibility. Please also keep them from the player's side during any matches or pre/post event team talks.

do not encroach

If your child is struggling emotionally or physically it can be tough but - serious injuries aside - please don't encroach onto the pitch during a match unless invited on by coaches or officials.

leave differences at the door

We know that not everyone gets along but you're there to support the children. Leave your differences in the car, no child wants to see their adult(s) fighting in front of them.

watch the flippin' language

Many parents get surprised by just how into an event they get but please remember where you are and keep the language environment-appropriate!

give a pass on the puffing

Your child's debut or just a tense match can be a nerve-wracking experience but please try to avoid smoking cigarettes or vaping on the side of the pitch and around the children.

Please try your best to follow this code of conduct so the children can enjoy their sport.
